AMENDMENTS TO REFERENCES TO THE CONCEPTUAL FRAMEWORK IN IFRS STANDARDS-MARCH 2018

Amendments to Guidance on implementing IFRS 4 *Insurance Contracts*

As a consequence of amending paragraph 7 of IAS 1 *Presentation of Financial Statements*, paragraph IG16 is amended, and the footnote to 'paragraph 25' in paragraph IG16 is deleted. New text is underlined and deleted text is struck through.

Materiality

IG16 IAS 1 also explains the following:

...

Assessing whether an omission or misstatement could influence economic decisions of users, and so be material, requires consideration of the characteristics of those users. The *Framework for the Preparation and Presentation of Financial Statements* states in paragraph 25* that 'usersUsers' are assumed to have a reasonable knowledge of business and economic activities and accounting and a willingness to study the information with reasonable diligence.² Therefore, the assessment needs to take into account how users with such attributes could reasonably be expected to be influenced in making economic decisions.

IASC's Framework for the Preparation and Presentation of Financial Statements was adopted by the IASB in 2001. In September 2010 the IASB replaced the Framework with the Conceptual Framework for Financial Reporting. Paragraph 25 was superseded by Chapter 3 of the Conceptual Framework.

Amendment to Illustrative Examples on IAS 34 Interim Financial Reporting

A footnote is added to 'Conceptual Framework' in paragraph B23.

The reference to the Conceptual Framework is to the Conceptual Framework for Financial Reporting, issued in 2010.

AMENDMENTS TO ILLUSTRATIVE EXAMPLES, IMPLEMENTATION GUIDANCE AND IFRS PRACTICE STATEMENTS

Amendments to IFRS Practice Statement 2 *Making Materiality Judgements*

Paragraph 5 and the footnote to the quotation from the *Conceptual Framework* in paragraph 5 are amended. New text is underlined and deleted text is struck through.

Definition of material

5 The Conceptual Framework for Financial Reporting (Conceptual Framework) provides the following definition of material information (IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors provide similar definitions^{*}):

Information is material if omitting it or misstating it could influence decisions that <u>the primary users of general purpose financial reports</u> make on the basis of <u>those reports</u>, which provide financial information about a specific reporting entity. In other words, materiality is an entity-specific aspect of relevance based on the nature or magnitude, or both, of the items to which the information relates in the context of an individual entity's financial report.[†]

AMENDMENTS TO REFERENCES TO THE CONCEPTUAL FRAMEWORK IN IFRS STANDARDS-MARCH 2018

The footnote to the second sentence in paragraph 17 is deleted. Deleted text is struck through.

The International Accounting Standards Board (Board) considers primary users' resource allocation decisions to include decisions needed to exercise rights while holding investments, such as rights to vote on or otherwise influence management's actions that affect the use of the entity's economic resources. The Board has tentatively decided to clarify this point, which was previously implicit in the phrase 'decisions to hold equity instruments', as part of its deliberations on the revised *Conceptual Framework*.

The footnote to 'credit,' in paragraph 17 is amended and the footnote marker is moved to the end of the second sentence in that paragraph. New text is underlined and deleted text is struck through.

* See paragraph OB21.2 of the Conceptual Framework.

The footnote to paragraph 18 is deleted. Deleted text is struck through.

Paragraph 1.3 of the Exposure Draft ED/2015/3 Conceptual Framework for Financial Reporting (Conceptual Framework ED) proposed to reintroduce the term 'stewardship' and to explain explicitly that investors', creditors' and other lenders' expectations about returns also depend on their assessment of management's stewardship of the entity's resources. The Board has tentatively decided to confirm this as part of its deliberations on the revised Conceptual Framework.

The footnote to 'an entity,' in paragraph 18 is amended and the footnote marker is moved to the end of that paragraph. New text is underlined and deleted text is struck through.

* See paragraph OB31.3 of the Conceptual Framework.

The footnote to paragraph 19(b) is amended. New text is underlined and deleted text is struck through.
